Everything Is Untrue

Amen

'Cause the teeth they save
And all the lies that made
With all the garbage here
We're still starvingAnother kind of sheep
Another kind of sheep
They bow your heads to sheep
Another kind of sheep is fallingEverything is untrue
Everything that you do
Everything is untrue
Just everything I knowBecause I fuck myself
Can't feel no one else
And I just feed my God
To the starvingAnother kind of sheep
They fuck and suck you to sleep
They fuckin' lie the sheep
Another, another, another, anotherEverything is untrue
Everything that you do
Everything is untrue
Just everything I knowWhy do I lie and wake
Blind, dead and loathing?
I know you want a God
'Cause I've got nothingNothing to bleed in
And you bought a God
Everything is untrue
There is nothing I can subdue
Everything is untrue
Everything is untrue
There's nothing I can undo
Everything is untrueDon't fuckin' move
Don't fuckin' move
I just wanted to end your life
For a little while'Cause everything is untrue
'Cause everything is untrue
Everything is untrue
Don't be afraidDon't fuckin' move 'cause I loved you
Don't fuckin' move or I'll cut you
Don't fuckin' move or I'll love you
Don't fucking more 'cause I cut youDon't fuckin' move 'cause I loved you
Don't fuckin' move or I'll cut you

Don't fuckin' move or I'll love you
I loved you, I'll cut you, [Incomprehensible]
