

Whoop De Doo

Jimmy Buffett

If I'm over the moon, it's because I'm over you
A day at a time and I'm tickety boo
I don't carry on the way I used to
Whoop de doo, whoop de dooIf I'm doing great, it's because when I get home
I don't go straight to my answer phone
And the tears don't come the way they used to
Whoop de doo, whoop de dooSo many little things are so much better now
They were only the little things anyhowIf I'm over the moon, it's because that's what I am
Funny that once, once I used to give a damn
But I'd do anything in this whole wide world for you
Whoop de doo, whoop de doo
