

# How long?

## How to Destroy Angels

How long?  
Always been here  
It almost seems like yesterday  
How to picture  
It's the little things that slip away  
Build away the blisters  
But they'll find a way to take a little bit  
They won't find us  
If you believe in itHow long?  
How long?  
Can we keep holding on?  
How long  
How long  
Can we keep holding on?  
A house on fire  
Burning all the passed away  
And what defines us  
When  
It's the little things that slip away  
In differ you're honest  
What do you think what happened?  
We stood for something  
If you believe in it  
If you believe in itHow long  
(Burn this all away)  
How long  
(Burn this all away)  
Can we keep holding on?  
How long  
(We keep holding on and on)  
How long  
(Can we keep, can we keep)  
Can we keep holding on?  
How long?
