

Rise My Only Rose

Pieta Brown

Suffer without suffering
where is my only rose
had a list of going
as i let go
take back what you gave me
take back what you said
give up without giving
taking it instead
rise
rise my only rosedon't tell what we have done
don't tell what is has cost
keep another moment
now what we lost
rise
rise my only rose
rise
rise my only rosegive back to me my gentle
that never felt was true
