Humpty Dumpty

Marc Moulin

Say you were split, you were split in fragments well maybe I want that, too and not all the pieces would talk to you Staying won't put these futures back together So better take the keys and drive forever Wouldn't you want to be who you had been All the perfect drugs and superheroes wouldn't be enough to bring me up to zero Baby you're great, you've been more than patient saying it's not a catastrophe just someone who looks like me but I'm not the girl you once put your faith in So better take the keys and drive forever All the perfect drugs and superheroes wouldn't be enough to bring me up to zero Staying won't put these futures back together So get out while you can Get out while you can And sinking is all I had planned So better just go Baby, I'm pouring quicksand Oh, better take the keys and drive forever All the perfect drugs and superheroes Staying won't put these futures back together wouldn't be enough to bring me up to zero All the king's horses and all the king's men couldn't put baby together again couldn't put baby together again All the king's horses and all the king's men
