Divinity (feat. Amy Millan)

Porter Robinson

Lean into my side
Never felt alive
Call the chants inside
(We will wait for this, we will wait for this)Lean into my side
Never felt alive
Call the chants inside
(We will wait for this, we will wait for this)Lean into my side
Never felt alive
Call the chants insideWe will wait for this
We will wait for this
We will wait for this
We willLean into my side
Never felt alive
Call the chants inside
(We will wait for this, we will wait for this)Lean into my side
Never felt aliveWe will wait for this
We will wait for this
We will wait for this
We will wait for thisLean into my side
Never felt alive
Call the chants insideLean into my side
Never felt alive
Call the chants inside
You see right through me
