

# Want It

## Danity Kane

Get it? So you said that you don't think that me and him gon' last  
And you say that I need to think about the past  
And that chick was callin', playin' on the phone, 4 in the morning talkin'  
It's about to be on if she don't back up off me And now you say that I changed and you don't like how I get  
down  
Tellin' him I ain't even gonna stick around  
Just 'cause you see me on the TV you think I'ma leave my baby  
Just because I'm sitting next to Diddy So tell me what you on, tell me what the hell you want  
Need to worry 'bout your own, I'ma have to put you on blast  
'Cause we look so fresh together, ain't nobody do it better  
And I don't care what they say, I'm gon' stay with my baby Tell me why you in my B-I-Z  
You gon' make me get my vaseline  
You don't wanna catch the 3rd degree  
Back up I need 50 feet I don't think you really want it  
I don't think you really want it  
I don't think you really want it  
I don't think you really want it I peep game when you said that he's not the right man for me  
But real talk, you just wanna get with my man  
You know you stay blowin' up his cell on the regular day to day  
I know you feelin' him So tell me what you on, tell me what the hell you want  
Need to worry 'bout your own, I'ma have to put you on blast  
'Cause we look so fresh together, ain't nobody do it better  
And I don't care what they say, I'm gon' stay with my baby Tell me why you in my B-I-Z  
You gon' make me get my vaseline  
You don't wanna catch the 3rd degree  
Back up I need 50 feet I don't think you really want it  
I don't think you really want it  
I don't think you really want it  
I don't think you really want it You mad 'cause he with me and you ain't get him first  
He told me his homie said that you was the worst  
You ain't gettin' it like I'm gettin' it, you ain't pimpin' like I'm pimpin'  
Hope you don't think I'm listenin' this what you sound like to me Breeze blowin' in the wind  
Baby please believe I'm more  
(Baby please believe)  
'Cause it's 70 degrees and sunny over here  
You can stay up out my ear Tell me why you in my B-I-Z  
You gon' make me get my vaseline  
You don't wanna catch the 3rd degree  
Back up I need 50 feet I don't think you really want it

I don't think you really want it  
I don't think you really want it  
I don't think you really want it
