

# Hellbound

## Warlock

Starlight  
Now it's the time  
Now I will try  
To realise my desire  
To strike back Tonight  
I'm prepared for this time  
To kill demons of crime  
I will fight  
Fight for my right  
For many years  
I've been under a curse I swear...i've been under a spell  
The time is right  
I will flee from this hell  
Ooh everywhere I see  
Ghosts all around  
(I'm hellbound) (I'm hellbound) Moonlight  
I'll take my weapon  
Of attack  
(and) without fear  
Of death I wait Midnight  
I feel ghosts  
Are all around  
(but) I hold my ground  
To survive Fight, fight, fight  
I will fight  
Fight for my right  
For many years I've been  
Under a curse I feel, I've been under a spell  
The time is right  
I will flee from this hell  
Oh, everywhere I see  
Ghosts are all around  
I'm hellbound  
( I'm spell-bound )
