

My First Love (Feat KeKe Wyatt)

Avant

Long as I live
My first loveLong as I live
My first loveSilhouettes of a perfect frame
Shadows of your smile will always remain
Beginners luck soon fades away
We go on but I'll always sayLong as I live
My first loveI'll keep an old candy coated valentine
Memories of you, you when you were mine
A tarnished ring on a tarnished chain
Times keep changing
Come sun or rain, yeahLong as I live
My first loveOoh
A tarnished ring, on a tarnished chain
Times keep changing come sun or rain, yeahLong as I live
My first love
