Burn Until the End

Cate Le Bon

I want to burn until the end
See all my friends tie up loose ends
I'll find asylum in the sun
Feel the light when she comesFind another ghost
Go settle down but love me most
Split the time in two
Half for me and half for youAnd when it's gone and lights come on
Is there nothing more that I could do for you?
I want to burn until the end
I want to burn until the end
Make yourself a home
Go settle down and let me go
Stream your sorrow through
Cry for me and cry for you
And when it's gone and lights come on
There's nothing more that I can doOhh I want to burn until the end
Ohh I want to burn until the end
Ohh I want to burn until the end.
