Shilo Song

Lennie Gallant & Meaghan Blanchard

Verse:
I love you for what you are
You donâ€™t have to be a superstar
Shining on the silver screen

Youâ€™re old enough to know
When Iâ€™m around love can grow
Forget yourself and let it go

Chorus:
I want you so much to be happy
Just to see you smile
Makes it all worthwhile

After all itâ€™s just a trial if you believe in me
After all itâ€™s just a trial if you believe in me

Verse:
Had the chance to be alone in a small hotel that you call home
In a room without a phone

Been to hell and back again
Been allowed to feel the pain
Of what itâ€™s like to be insane

Chorus:
I want you so much to be happy
Just to see you smile
Makes it all worthwhile

After all itâ€™s just a trial if you believe in me
After all itâ€™s just a trial if you believe in me

-solo-

Verse:
I love you for what you are
You donâ€™t have to be a superstar
Shining on the silver screen

Chorus:
I want you so much to be happy
Just to see you smile
Makes it all worthwhile

After all itâ€™s just a trial if you believe in me
After all itâ€™s just a trial if you believe in me

You believe in
You believe in me
You believe in me
