

The D Word

Toni Braxton

I put the papers on your doorstep
The keys under the mat
Although the lawyer said to mail you
I'm still not over it
There's so much I wanna tell you
But I really need to forget
Even though we're not together Girl I'll miss you (oh boy I will miss you)
Even though broke my heart
I will miss you (I'm gonna miss you)
'Cause I'll always love you, love you (always love you)
Forever think of you, of you (of you)
And I'll always want you, want you (always want you)
Forever think of you, of you (of you) Although we're apart
You still own my heart
Forever, and ever
And ever I never liked the sound of single
It don't sound good to me
Tell me how I'm s'pose to mingle
When you're all I wanna see There's so much I wanna to tell you
I really need to forget
Even though were not together Girl I'll miss you (oh boy I will miss you)
Even though you broke my heart
I will miss you (I'm gonna miss you)
'Cause I'll always love you, love you (always love you)
Forever think of you, of you (of you)
And I'll always want you, want you (always want you)
Forever think of you, of you (of you) Although we're apart
You still own my heart
Forever, and ever
And ever 'Cause I'll always love you, love you (always love you)
Forever think of you, of you (of you)
And I'll always want you, want you (always want you)
Forever think of you, of you (of you) Although we're apart
You still own my heart
Forever, and ever
And ever
