

Never Forget You (feat. Zara Larsson)

MNEK

I used to be so happy
But without here I feel so low
I watched you as you left but I can never seem to let you go
'Cause once upon a time you were my everything
It's clear to see that time hasn't changed a thing
It's very deep inside me but I feel there's something you should know I'll never forget you
You'll always be by my side
From the day that I met you
I knew that I would love you till the day I die
And I will never want much more
And in my heart I will always be sure
I will never forget you
And you'll always be by my side till the day I die Till the day I die Funny how we both end happy but everything
seems alright, ooh
I wonder what will happen
If we went back and put up a fight
'Cause once upon a time you were my everything
It's clear to see that time hasn't changed a thing
So, just what do you think could ever take you off my mind I'll never forget you
And you'll always be by my side
From the day that I met you
I knew that I would love you till the day I die
And I will never want much more
And in my heart I will always be sure
I will never forget you
And you'll always be by my side till the day I die Doing it, loving it
Everything that we do
And all along, I knew I had something special with you
But sometimes you just gotta know that these things fall through
But I'm still tired and I can't hide my connection with you Feeling it, loving it
Everything that we do
And all along, I knew I had something special with you
But sometimes you just gotta know that these things fall through
I can't hide my connection with you I'll never forget you
And you'll always be by my side
From the day that I met you
I knew that I would love you till the day I die
And I will never want much more
And in my heart I will always be sure

That I will never forget you

And you'll always be by my side till the day I dieTill the day I die, till the day I die, till the day I die
Till the day I die, till the day I die, till the day I dieI'll never forget you (I will never, never, never, never, never,
never)

I'll never forget youTill the day I die
