

Sacred Days

[Phil Manzanera](#)

Sacred days
Sacred nights
Sacred time
Spent with you Sacred days
Sacred nights
Sacred time
Spent with you You took your chance with me
I had no place to go
I hoped that you would come along
You turned my head around
I had no time to waste
I guess I found out just in time Sacred days
Sacred nights
Sacred time
Spent with you I took you by the hand
You made me feel so strong
I knew it wouldn't be too long
That I'd be there with you
And you'd be there with me
Some things are meant to be
Sacred days
Sacred nights
Sacred time
Spent with you
