My Last Thug

Lumidee

Ey yo, I'm there for you, care for you
but never fail you
and when shit get ruff I'm there to bail you
inhale exhale release some pressure
expectations so high that it's hard to measure
soft as feathers, at the same, tough as leather
and if you ask me, no one pulls it off better
listen, I ain't a sucker for love
sometimes a sucker for thugs
I find it appealing, they make living ruff
if they weak they fold, there's no need for those
there's way too many killers in the streets you know
I need one real live, to keep up my vibe
cause it's kinda hard to tame a dame if you can't ride
want you by my side now I made you a need
got so attached that night that I can't even sleep
can't get mad at you, I'll have to practice boo
even find it so hard to catch an attitude
ask ft, I'm saying it ain't coo ya see
but for now that's just how i choose to beI don't really wanna tell ya lies
but it's hard to for me to say that I'm crying
at night done held my pillow tight
and I pray to the Lord if he make this right
I swear if you let me have him, this'll be my last one
I swear if you let me have him, this'll be my last thug
I swear if you let me have him, this'll be my last one
I swear if you let me have him, this'll be my last thugEvery type of man gets stuck in situations
now that I'm left here alone I'm waiting'
I'm patient to see what will make of his pleads
don't make this another game I played em, was cheap
I understand when it comes to the streets
not too often I speak, so if I do, listen to me
never steer you wrong plenty visions I see
won't hate on ya hustle I ain't new to a struggle
you came to me puzzled, and I put yo
