

# I Got Love For You

Michael Franti & Spearhead

Another morning has come and the sun is high  
But I know that today is the day that I might cry  
    Because I know you're going  
    And I know you're leaving  
    To somewhere you hope to find  
    The peace of mind you're seeking  
    In the back of a Greyhound bus, it'll take you far  
In the back of a Greyhound bus, you can be who you are  
    And I say  
    La-la-la, la-la-la, la-la-la, la-la-la, la la  
    I got love for you  
    I got love for you  
    So I'll be waiting, my dear, u-huh  
    Waiting right here, u-huh  
    Waiting, my dear, u-huh  
    Waiting right here, u-huh  
    I remember the time back when we was home  
    In and out, up and down, in this life, what a crazy road  
    It's been a long time that I shoulda said what I tell now  
    That I got faith in you and I believe in you  
    In the dark of the night in the hotel when you're alone  
    In the middle of the city where nobody cares to know  
    On the top of the town in the glimmer of the shining lights  
    You just shine on now, you just shine on now  
    And I say  
    La-la-la, la-la-la, la-la-la, la-la-la, la la  
    I got love for you  
    I got love for you  
    So I'll be waiting, my dear, u-huh  
    Waiting right here, u-huh  
    Waiting right here, u-huh  
    And I've got love for you, love for you, love for you  
    And I know that you can't say for sure  
    When you're coming home  
    But I got faith in you and I believe in you  
    And I say  
    La-la-la, la-la-la, la-la-la, la-la-la, la la  
    I got love for you  
    I got love for you

Another evening's come and the moon is high  
But I know that tonight is the night that I might cry  
    Because I know you're going  
    And I know you're leaving  
    To somewhere you hope to find  
    The peace of mind you're seeking  
    In the back of a Greyhound bus, it'll take you far  
In the back of a Greyhound bus, you can be who you are
