

# Deep River

Leontyne Price

Deep river, my home is over Jordan  
Deep river, you know I got long to stay here  
You know I got long to stay here  
My calling down the thunder  
From this land just wait for me  
Just wait, swimming the ocean I make it love for you baby  
Deep river, oh, I over drown  
Deep river, I want to cross over into camp-ground.  
You want I want to cross over into camp-ground.
