

Hole In The Earth

Deftones

Can you explain to me how

You're so evil, how?

It's too late for me now

There's a hole in the earth

(Hole in the earth)

I'm out

There's a hole in the earth

(Hole in the earth)

I'm out

Can you explain to me now

If you're still able whilst?

I think you know the truth

There's a hole in the earth

(Hole in the earth)

I'm out

I hate all of my friends

They all accept our time

There's a hole in the earth

(Hole in the earth)

I'm out

There's a hole in the earth

(Hole in earth)

Let's think about

This is the end, somewhere

This is the end, somewhere

There's a hole in the earth

(Hole in the earth)

There's a hole in the earth

(Hole in the earth)

I hate all of my friends

I'm out

There's a hole in the earth

In the earth somewhere
