

# Hot Mess (Defence & Technique Remix)

## Chromeo

You're a hot mess  
You act like you've got nothing to lose  
But I've already lost my temper I put my loving on the line for you, lady  
But my spirits were low  
I would have committed a crime for you, baby  
Yeah, it got out of control I know my temper's been kinda crazy  
I need somebody, (What) I need someone  
Your love is real but I just feel suffocated  
I feel so lonely, (What) I feel so numb I thought we had this conversation already  
Do you really want to go through this all over again The way I was acting was just fine but then lately  
You sorta noticed a shift  
Every day was Christmas time for you, lady  
You got showered with gifts But you could hear it in my voice  
I was getting kind of aloof  
And I don't really have a choice  
I guess I gotta tell you the truth I know my temper's been kinda crazy  
I need somebody, (What) I need someone  
Your love is real but I just feel suffocated  
I feel so lonely, (What) I feel so numb I don't want you from me  
I mean, I'm not a bloody social worker I know my temper's been kinda crazy  
I need somebody, (What) I need someone  
Your love is real but I just feel suffocated  
I feel so lonely, (What) I feel so numb What? I need somebody, I need someone  
I feel so lonely, I feel so numb
