Million bucks

Andy And The Rockets

My girl call me up, she's throwin' a party
I click over and call everybody
Hittin' up a mall to get so sexy
It's Friday and I got my money
Ladies, shake your hips, get wit 'em
Fellas, grab your crotch and flick 'em
Throw them hands up, do your thizzle
If you feelin' like a mil
I'm feelin' like a million bucks
Just got paid, jumped in my truck
Boomin' system, movin' through me
They think it's a dude but it's me they see
I'm feelin' like a million bucks
Just got paid, jumped in my truck
Boomin' system, movin' through me
They think it's a dude but it's me they see
Boys go crazy when they see me
They know I know how to do the damn thing
I move my body left to right
They be checkin' me out like I'm a website
Ladies, shake your hips, get wit 'em
Fellas, grab your crotch and flick 'em
Throw them hands up, do your thizzle
If you feelin' like a mil
I'm feelin' like a million bucks
Just got paid, jumped in my truck
Boomin' system, movin' through me
They think it's a dude but it's me they see
I'm feelin' like a million bucks
Just got paid, jumped in my truck
Boomin' system, movin' through me
They think it's a dude but it's me they see
Me ven caminando como un millon
Brillo como un diamante amarillo
Me preguntan quiren saber quien soy yo
Pero les digo estoy aqui con subliminal
Dominicana, Venenzuela, Colombiana
De donde es Jamaica queens para
Saben que este juego me pertenese a mi

Yo no lo voy a dejar asta no verlos sufrir
All my ladies in the place say, 'oh'
And all my fellas in the place say, 'oh'
So won't you drop them tops
Show 'em what you got?
Throw them hands up in the air and say, 'oh'
All my ladies in the place say, 'oh'
And all my fellas in the place say, 'oh'
So won't you drop them tops
Show 'em what you got?
Throw them hands up in the air and say, 'oh'
Hey, feelin' a million bucks
And everybody to see everything sucks
I'm feelin' like a million bucks
Just got paid and jumped in my truck
Boomin' system, movin' through me
They think it's a dude but it's me they see
I'm feelin' like a million bucks
Just got paid, jumped in my truck
Boomin' system, movin' through me
They think it's a dude but it's me they see
