

Now Is Gold (feat. Kelsy Karter) (Original Mix)

Infected Mushroom

So now is gold,
I see her wings and I'm not cold
The fear is gone
And I am ready to move on...So now is gold,
I see her wings and I'm not cold
The fear is gone
And I am ready to move on...(Oh oh oh oh oh oh...)
So now is gold,
I see her wings and I'm not cold
The fear is gone
And I am ready to move on...
