

Gold Mine

Breanne DÃ¼ren

I've been searchin'

I've been searchin'

I've been searchin' for a gold mine
To open up the skies and make me feel alive
Been searchin' for a gold mine
A gold mine

I've got trouble sleepin' in
and when I feel the day begin to change my mood
It's been feelin' kinda dull
And I'm waitin' for a call
To answer to
I have to be honest
I wanna know what's true
So won't you take me up with you

'Cause I've been searchin' for a gold mine
To open up the skies and make me feel alive
I've been searchin' for a gold mine
A gold mine

Well, I've travelin' high and low
I'm searchin' for that glow before it strays
I only got one life to give
Only have so long to live
Won't throw this away
I have to be honest
I wanna know what's true
So won't you take me up with you

'Cause I've been searchin' for a gold mine
To open up the skies and make me feel alive
I've been searchin' for a gold mine
A gold mine

Do da do do do da do
Do do do do do do
Do da do do do da do

Do da do

I've been searchin'

I've been searchin'

I've been searchin' for a gold mine
To open up the skies and make me feel alive
I've been searchin' for a gold mine
Gold mine

I've been searchin' for a gold mine
To bring the colors right back into my eyes
I've been searchin' for a gold mine
A gold mine

Do da do do do da do
Do da do do do do
Do da do do do da do
Do da do
