Bitter Sweet

Marcos Hernandez

There is something you should know
I've been hoping you love me, hoping you love me
I can tell by your face
You've been feeling real lonely, feeling so lonely
From what I understand there ain't no other man
So come know me, yeah, yeah
Let me live deep in your mind, I'll put you first all the time
It's all up to you, I'll show you love you've never knew
She's so bitter, sweet and sour, drives me crazy for hours
I love everything about her and I don't know how
I wanna buy her diamond rings and put my house in her name
She's so bitter, sweet and sour, bitter, sweet and sour, yeah
I want to know all about
Every way I can tease you, way I can tease you
Know at a drop of a dime
I'll be waiting to please you
From what I understand there ain't no other man
So come know me and be a part of me
Let me live deep in your mind, I'll put you first all the time
It's all up to you, I'll show you love you've never knew
She's so bitter, sweet and sour, drives me crazy for hours
I love everything about her and I don't know how
I wanna buy her diamond rings and put my house in her name
She's so bitter, sweet and sour, bitter, sweet and sour, yeah
My love will serve you any way that you like
I promise I won't hurt you, girl, I'll do you right
So just think about it 'cause I can't do without it
It's the thought of you kissing me, I just need you next to me
She's so bitter, sweet and sour, drives me crazy for hours
I love everything about her and I don't know how
I wanna buy her diamond rings and put my house in her name
She's so bitter, sweet and sour, bitter, sweet and sour
She's so bitter, sweet and sour, drives me crazy for hours
I love everything about her and I don't know how
I wanna buy her diamond rings and put my house in her name
She's so bitter, sweet and sour, bitter, sweet and sour
She's so bitter, sweet and sour, drives me crazy for hours
I love everything about her and I don't know how
I wanna buy her diamond rings and put my house in her name

She's so bitter, sweet and sour, bitter, sweet and sour, yeah
