

Born to Die

Black Stone Cherry

Moma was a moon, Daddy was a Sun
I'm a man shot down by a law man's gun
All must die and baby look my way
He said listen to me son while you still can
You've gotta take lifes cards with a loving hand
You can never fight another day
Because we're born to die
In this life, when its time
Take a bow
What you leave behind
You've got a love for life
Take your time, make it right
Before you go, you can shine a light
Guard your promise, cross my heart
Told my secret to the stars
Now i know the reason why
We're born to die
I was fifteen, I knew it all
I tried to run before I knew how to crawl
And couldn't nobody seem to make me understand
But in this life you've gotta pick your fights
And even if you loose you gotta know you tried
Sometimes you've got to fall before you dance
Because we're born to die
In this life, when its time
Take a bow
What you leave behind
You've got a love for life
Take your time, make it right
Before you go you can shine a light
Guard your promise, cross my heart
Told my secret to the stars
Now i know the reason why
We're born to die
Because we're born to die
In this life, when its time
Take a bow
What you leave behind
You've got a love for life

Take your time, make it right
Before you go you can shine a light
Guard your promise, cross my heart
Told my secret to the stars
Now i know the reason why
We're born to die
Born to die
