Waking Dreams

The Spandettes

[Jonas Renkse:]
Life, imagination
Missing link in the chain
We will fuel your minds
Color your thoughts
Come to you in waking dreamsFire, inspiration
Missing branch on the tree
We are your roots
We are your blood
Come to you in waking dreams[Anneke:]
Sail the stream as I dance upon the waves of a waking dream
As it passes you by.
Ride the beam as I rise upon the wings of a waking dream
As it fades in the sky.[Jonas:]
Mind transformation
You were chosen
To live the the dream that we have been dreaming
Now's the time to come together and make it come true
Oh me and you[Anneke:]
Sail the stream as I dance upon the waves of a waking dream as it passes you by.
(Dancing on the waves)
Ride the beam as I rise upon the wings of a waking dream as it fades in the sky.[solo keyboard: Tomas Bodin][solo guitar: Arjen][Anneke:]
Sail the stream as I dance upon the waves of a waking dream as it passes you by.
(Dancing on the waves)
Ride the beam as I rise upon the wings of a waking dream as it fades in the sky.
