Transcriber: Awcantor@aol.comSomewhere, somehow

Sometime, some place

I did someone wrong

And now I'm suffering with the bluesDon't know just where

Or why, or how

I must have been wrong

'Cause now I'm suffering with the bluesWhy does your love taunt me

Haunt me through the night?

When I know that you don't, oh want me

If you did you'd be here by my sideSomewhere, somehow

I must have hurt you deep down inside

Or why else would I be here

Suffering with the blu-ooo-ues?Oh-oh, why else would I be here

Suffering with the blues?
