

Everyone Like Me

Thousand Foot Krutch

I've got a lot going on inside
Don't know if I can work things out this time
 Need a little space to clear my mind
But I'll be fine
 Don't slip, it's not always this cold
 I'm tired of acting like I know
 Am I searching for the answers?
 No one knows
 And I must confess
Before I take another step that
 This song's for everyone like me
 Everyone not afraid to stand alone and lonely
 Can you identify with me?
 This song's for everyone like you
 Come and ride with me
We will not back down
 Wait, it might not be too late
 To avoid the tension we create
 How about I turn and walk away?
 No matter what you say
 It's not a combination
 I've tried to figure you out
 I'm looking for the confirmation
 So I can turn this around
 And I must confess
Before I take another step that
 This song's for everyone like me
 Everyone not afraid to stand alone and lonely
 Can you identify with me?
 This song's for everyone like you
 Come and ride with me
We will not back down
 Every time I turn around
 You're looking for attention
 You've taken all the things I've said and
 Throw them away, drank them away
 Every time you show up late
 You're looking for forgiveness
 I must confess
Before I take another step that
 This song's for anyone who ever took a chance
 Who started at the bottom to get to the top
 And no matter what you face in this life
 You gotta know what you're up against
In order to fight back
 This song's for everyone like me
 Everyone not afraid to stand alone and lonely
 Can you identify with me?
 This song's for everyone like you
 Come and ride with me

We will not back down
This song's for everyone like me
Everyone not afraid to stand alone
And lonely and lonely
