

# Chevy Van

## The Jimmies

I gave a girl a ride in my wagon  
Now she crawled in and took control  
She was tired as her mind was draggin'  
And I said get some sleep, we'll get on down the road  
Like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
She's gonna love me in my Chevy van and that's all right with me  
Her young face was like that of an angel  
And her long legs were tanned and brown  
You better keep your eyes on the road, son  
Better slow this vehicle down  
'Cause like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
She's gonna love me in my Chevy van and that's all right with me

I put her out in a town that was so small  
You could throw a rock from end to end  
A dirt road main street, she walked off in her bare feet  
And it's a shame I won't be passin' through again  
Like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
We made love in my Chevy van and that's all right with me  
Yeah, like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
We made love in my Chevy van and that's all right with me  
All right with me
