

# Salvation Song

Steve Poltz

Neon lights outside my pool hall  
Rain is comin' down in spoon fulls  
Mixes in with tears from my eyes  
I've been standin' here for hours  
Paper bag for my umbrella  
Won't you come back to your soggy fella?  
Watchin' people passin' by me  
I got nowhere else to go  
And I know, you could be miles from me  
Just a sailin' through these flooded streets  
I wash the sin right off my skin  
And you will have me back again  
Diesel bus fumes got me chokin'  
Police man standin' above me pokin'  
Wake up from my sidewalk Hilton  
I got nowhere else to go  
Neon sport coat gets me groovin'  
Your long gone daddy is slowly movin'  
A wrinkled picture in my wallet  
I could stare at you for hours  
And I know, you could be miles from me  
Just a sailin' through these flooded streets  
I wash the sin right off my skin  
And you will have me back again  
And I'll be floatin' up to heaven  
With dice in my hands rollin' sevens  
Lost in your arms  
And salvation will be ours  
Neon lights outside my pool hall  
Rain is comin' down in spoon fulls  
Mixes in with tears from my eyes  
I've been standin' here for hours
