## Otep

All my life  
I was told that I was evil.  
All my life  
I've been living illegal  
I'm the one they love to hate  
Cause I'm half Mark Twain,  
I'm half Jesse James.  
Words are my weapons  
To blow them away.  
More disciples with rifles  
Than the NRA They're playing checkers  
I'm playing chess  
A defiant mental giant  
I'm never the less  
When I trample examples  
Of artificial success But I'm coming up  
And it's never enough  
Never enough Round and round and round  
Straight to the bottom  
Yeah it takes me down  
Round and round and round  
DOWWWWWWN!  
Round and round and round  
Stuck in my head  
I can't escape that sound  
Round and round and round  
Down mother fucker  
Yeah it takes me....  
Down. If the people are sheep  
Don't blame the shepherd  
If knowledge is cheap  
I should be an investor  
You're the common in the knowledge  
That I already know  
Just a comma in the sentence  
That I already wrote  
It's like history is written on invisible ink  
So they can own the throne  
And everything'll repeat.

In the kingdom of lies  
The best that money can buy  
I was born to destroy  
But I live to defy  
Never enough  
Never enough Round and round and round  
Straight to the bottom  
Yeah it takes me down  
Round and round and round  
DOWWWWWN!  
Round and round and round  
Stuck in my head  
I can't escape that sound  
Round and round and round  
Down mother fucker  
Yeah it takes me....  
Down. I'm the devil you know  
And I'm the devil you don't  
Cause you can't command  
What you can't control  
No  
You can't command  
What you can't control.  
No

You can't command what you can't control Round and round and round  
Straight to the bottom  
Yeah it takes me down  
Round and round and round  
DOWWWWWN!  
Round and round and round  
Stuck in my head  
I can't escape that sound  
Round and round and round  
DOWWWWWN!  
Round and round and round  
I was born to destroy  
But I live to defy  
Round and round and round  
Down mother fucker!  
Yeah, it takes me....
