Cease To Exist

WRVTH

Die to live the grand illusion
Step into the mass delusion
Creep inside and crawl around it
The one within, the one who found it
Cease to exist
Your mind is breaking free
Everlasting ghosts to follow
Enemies that beg and borrow
Pretty poison, black as morning
Break it down without warning

Cease to exist
Your mind is breaking free
Keep all hands inside while riding this ride
You must be so high to ride the dark ride
All you want's inside, inside the dark ride
Keep all hands inside while riding this ride
Cease to exist
Your mind is breaking free
