

Step Aside

Monrose

Straight out the gate boy right from the door
Seen you through the crowd just shining like gold
Wanted to join you doin' that two step but I waited cause,
I saw you were kinda preoccupied
But she had a problem keepin' your eye
I had you more focused on me movin' my body Tryna' wait for the song to be over
So I can cut in between
Cause she really ain't doin' her thing
What you need is
Some of this what I got right here
For you we can be a better team
And it's all about that time
You go and tell her just ...Step aside, step aside
This one is mine
If you ain't gonna' handle it
I'd gladly take him here on the floor
Step aside, step aside
Gimme the light
I'm sorry but excuse me miss
His eyes are sayin' I'm what he wants
It's only right let me by step aside, side It's clear you're the type that comes out to flaunt
Can't help I'm the type to get what I want
Just came to dance have a good time not try to be shady no
See the DJ burnin' it up on the floor playin' them joint That make me want more
Hold up the wall if you want, but let him go lady Tryna' wait for the song to be over
So I can cut in between
Cause she really ain't doin' her thing
What you need is
Some of this what I got right here
For you we can be a better team
And it's all about that time
You go and tell her just ...Step aside, step aside
This one is mine
If you ain't gonna' handle it
I'd gladly take him here on the floor
Step aside, step aside
Gimme the light
I'm sorry but excuse me miss
His eyes are sayin' I'm what he wants

It's only right let me by step aside, sideWish there was nobody else here

So we could lose it

X out the crowd make them disappear

There's nothing to it

Let's start by sending her off to the right

Let the rest take its place in time boy

Before the song is overStep aside, step aside

This one is mine

If you ain't gonna' handle it

I'd gladly take him here on the floor

Step aside, step aside

Gimme the light

I'm sorry but excuse me miss

His eyes are sayin' I'm what he wants

It's only right let me by step aside, side
