

Urban Underground

The Giving Moon

~bass~

~ay~

Come out and look around
your life is just a bow
wake up and get away
you can stay here every day

ain't no what you got everyone wants to know if you got it or not
yeah
shape up and let me know everybody gotta get and go
oh yeah

this time we won't let down
you can wear your golden crown
we will fall until we can't see
underground is where we'll be

ain't no what you got everyone wants to know whether you got it or not
yeah
shape up and let me know everyone gotta get and go
oh yeah yeah
