

The One You Really Love

The Magnetic Fields

I do believe, our love's in danger
I might as well, be loving air
You look at me, like I'm a stranger
You look at me, like I'm not there
I gaze into, your eyes of blue
But their beauty, is not for me
You're thinkin' of, someone who's gone
You're dreamin' of, the one you really love
You're dreamin' of, the one you really love
I made you mine, or so it seemed
Though he is dead, he haunts your dreams
I might as well, be two feet tall
You never will, love me at all
I gaze into, your eyes of blue
(Oo, oo)
(Oo, oo)
But their beauty, is not for me
(Ee, ee)
You're thinkin' of, someone who's gone
(Oh, oh)
(Oh, oh)
You're dreamin' of, the one you really love
You're dreamin' of, the one you really love
I gaze into, your eyes of blue
(Oo, oo)
(Oo, oo)
But their beauty, is not for me
(Ee, ee)
You're thinkin' of, someone who's gone
(Oh, oh)
(Oh, oh)
You're dreamin' of, the one you really love
You're dreamin' of, the corpse you really love
