Homonculus

Xiu Xiu

oh yvonne it's true
but i promised not to say
what went down
oh yvonne it's dumb
i don't know why i am turning red
because i know you don't mindshe'll set it up to fall
and he'll set himself to wait
far enough away to know
far enough
this wedding song's dumboh yvonne it's like a wish
when i'd heard that she'd left him
it made me think just for a second
oh yvonne it's dumb
and in don't know what to say
