

Nothing

Fool's Garden

There's no picture
I could paint to tell you
what you mean to me
And no poem
I could write to tell you
what you mean to me
You're more than fire you are more than rain
You're more than love and you are more than pain
No, no, there's no single word that could explain
There's no flower blooming like the smile in your ethereal eyes
And no scholar ever could explain it he could be so wise
You're more than heaven you are more than earth
You're the origin you are more than birth
You're so beautiful you're everything to me

[Chorus] It's not the way that you move it's not the glowing
On your face when you smile that makes me trembling and calm
It's not that look in your eyes when I am going it's just everything
What you are

There's no ocean deep enough to tell you what you mean to me
And no mountain high enough to tell you what you mean to me
You're more than meaning you are more than time
You are redemption you're the reason why
So mysterious you're everything to me

[Chorus] But don't you let them live in your soul
Whenever they will try to barricade the way that you go
You're fragile - souls can fly
