No One Left

Kid Ink

[Hook]
Fuck, now you walking around like you acting tough
Really fobble up,they donÂ't make no sense
Tried to tell you before not to lose yourself
DonÂ't you worry IÂ'll be here where itÂ's snowing out
Tell you what it is, everybody ainÂ't a friend
Watch them change like a pen,IÂ'll be here when itÂ's snowing out
Put your mind in the game, call up on what they say
You forgot about the pain,
Tried to tell you not to lose yourself

[Verse 1]
Uh, sitting back, talking to myself
Been a long way around like BuddhaÂ's belly
Remember when ,these lambs wouldnÂ't fuck with me
Track star, now they all tryinÂ' to run with me
Friend of foe, you never know
ItÂ's a blind game, be in the way you going
Get your mind right, and leave the left overs
Got the weight of an entire team on my shoulders
So I showed them IÂ'm everything the world may
TryinÂ' to get paid, blow up like the World Trade
DonÂ't you get it, twist it like a whirlwind
I will never change,never change Â'till the fucking end
True, see , all these niggers so content in your face
Complimenting when they really know they spend every day
Talking shit yeah it smells like a mouthful
Hotter that I get these niggers,colder than the South Pole

[Hook]
Now you walking around like you acting tough
Really fobble up,they donÂ't make no sense
Tried to tell you before not to lose yourself
DonÂ't you worry IÂ'll be here where itÂ's snowing out
Tell you what it is, everybody ainÂ't a friend
Watch them change like a pen,IÂ'll be here when itÂ's snowing out
Put your mind in the game, call up on what they say
You forgot about the pain,

Tried to tell you not to lose yourself

[Verse 2]
WhatÂ’s happeninÂ’ Kid Ink tell me what happened
Is it fame over passion, seem a little distracted
In a couple years youÂ’ll wake like you ainÂ’t used to
Now look around pay attention it ainÂ’t no discounts
These niggers is selling souls put their name on a cloud
DonÂ’t you worry about me, bitch I came for the doubt
IÂ’m so concrete to be to the ground
About to bust shit up
But I came into town
Think you need to slow it down
TryinÂ’ to run shit

High of life, barely even conscious
LivinÂ’ in a dream, you forgot what it means to
Not have a game from a block full of fiends
These streets are a monster
Happy Halloween
Now IÂ’m knocking at your door
With a mask on
Feeling like this life
IsnÂ’t everything you asked for

[Hook]
Now you walking around like you acting tough
Really fobble up,they donÂ’t make no sense
Tried to tell you before not to lose yourself
DonÂ’t you worry IÂ’ll be here where itÂ’s snowing out
Tell you what it is, everybody ainÂ’t a friend
Watch them change like a pen,IÂ’ll be here when itÂ’s snowing out
Put your mind in the game, call up on what they say
You forgot about the pain,
Tried to tell you not to lose yourself

[Outro]
Yeah, uh
I say you fucking with a man now
Yeah, yeah
MustÂ’ve forgoten Â’bout the plan now
Somebody tell Â‘em
