Walk away you've had more than your say, now I am (It went on, on)
Louder and louder, it will build and fade
And soon your love, will turn to hate

Louder and louder, it will build and fade
And soon your love, will turn to hate
She said here I am (On, on)
Louder and louder, it will build and fade
And soon your love, will turn to hate
She said here I am, she said here I am (On, on)

You've fallen down, and now we're tired
And we need some time to rest our head Under-qualified, under-satisfied, I lie

I'm under-qualified, I'm under-satisfied, I lie I'm gonna take you
(It's not just you, she loved me too)
To the end of tomorrow I'm gonna take you
(I'm gonna qualify, I'm gonna satisfy, my love)
To the end of my world I will take you to the end of tomorrow
I will take you to the end of my world
