

Rise of NWO

P.O.D.

Black magic, vile havoc, destructive habits
Violates, illuminates into your mind labyrinth
Threefold sixes, sick, twisted sadistic
Maniacal optics emerges through your power systems
Service in secrecy, theories of conspiracy
End times prophecy, round table, freemasonry
The open scheme, forth Reich Illuminati
Protocols of a brave New Age alien raid philosophy
Staring Evil in the eye!
(Are you ready for the rise)
Staring Evil in the eye!
(Of the New World Order?)
Staring Evil in the eye!
(Are you ready for the rise)
Staring Evil in the eye!
(Of the New World Order?)
Black crows to souls sold at the crossroads
Bar codes, evolution, maybe the pope knows
Mind altering, population control
Global surveillance, big brother. Enjoy the show?
The final piece, the false priest with false peace
These prophecies, will arise from the middle east
Economy, religion, politics we all need
But I will never take your mark of the beast!
Staring Evil in the eye!
(Are you ready for the rise)
Staring Evil in the eye!
(Of the New World Order?)
Staring Evil in the eye!
(Are you ready for the rise)
Staring Evil in the eye!
(Of the New World Order?)
Staring Evil in the eye!
(Are you ready for the rise)
Staring Evil in the eye!
(Of the New World Order?)
Staring Evil in the eye!
(Are you ready for the rise)
Staring Evil in the eye!
(Of the New World Order?)...
