

# Nobody Broke Your Heart

## Ashley Park

The summer farmer can't complain  
The clementina says she'll wait  
Those six side houses sure look fine  
Sure obligation to her mind  
He thought of giving up the practice  
She thought of staying all long night  
No... body broke your heart x 2  
This season mean on simple thought  
Her dying wish just one more dying call  
He thought of giving up the touches  
As she was giving up the gold  
No... body broke your heart x 2  
This neighborhood is doing fine  
All the survivors standing by  
For every tickets to the movie  
Of the story of her life  
No... body broke your heart x 4 ... (untill fade away)
