Amazing

Stereoside

I can see that your addicted to make-believe
and you just lay around all day and day dream
about how someday, yeah, your gonna change the world
well, just close your mouth and let me tell you something
we don't mean nothing , if you keep on touching
no, don't build your dreams on a lie,(Chorus)
I don't feel sorry for you, no....
I don't feel sorry
Your not saving anything
And I can't save my self
Well , I don't think that you've been so amazing lately
Know your enemy, You better wave me well
No, I don't think that your saving or amazing , no....Its a long way from the bottom to the top,
And the friends that you made will be the friends that you lost
Things ain't so once upon a time anymore....
In the end I'll see you there waving your flag,
Well I won't be distracted and I wont feel bad
No, this is gotta hold,(Chorus)x2
