

Feels So Good

Ratcat

(S.DAY)

When you touch me it feels so good,
you know you make me won't to scream.

When you hold me tight in your arms.

I cannot believe this dream.

Floating on a cloud the birds sing so loud,
and I'm buzzing with the bees.

High in the sky past the elephants eye,

O won't you come ride with me.

*It feels so good &,

It feels so good &,

It feels like nothing,

that Ive ever had.

Catch the sweet thing with the spider legs,

Oh when it rains it really pours.

I taste the fruit dripping on me,

it never felt like this before.

I am drowning in such sweet surrender,

and you sing me a lullaby.

The blood from my heart reaches my brain,

I've never been so high.

It feels so good &,

It feels so good &,

It feels like nothing,

that Ive ever had.

I taste the poison when I touch your lips,

the poison in your kiss.

This strange feeling has come over me,

I'm a gonna love you to death.

Dream angel won't you fly in me,

is that the devil in your eyes,

it feels so good when your touching my skin,

like I could almost die.

2 *(Chorus)
