

# Superpowers

SAARA

Long hours  
In tree houses  
Playing house cards, playing tag and picking flowers  
And we were best friends  
All those promises we made when time was ours Ever told you how I love you  
I wanted you more than I wanted superpowers My love  
You stand so close to tremble  
It's just like I remember  
This time I will not let go  
I'll never let go And when was the last time you and I did something for the first time  
Something for the first time  
The last time we did something for the first time  
Something for the first time  
Something for the first time Now we are older  
We grew up from apple juice to whiskey sours  
All these years  
I kept this secret  
Like Rapunzel it was locked up in the tower Never told you  
That I love you  
I wanted you more than I wanted superpowers My love  
You stand so close to tremble  
It's just like I remember  
This time I will not let go  
I'll never let go And when was the last time you and I did something for the first time  
Something for the first time  
The last time we did something for the first time  
Something for the first time  
Something for the first time Never told you  
That I love you  
I wanted you more than I wanted superpowers My love  
You stand so close to tremble  
It's just like I remember  
This time I will not let go  
I'll never let go And when was the last time you and I did something for the first time  
Something for the first time  
The last time we did something for the first time  
Something for the first time
