

Mind Control

Friends

We got to get in this together
Soon they're ll be victims of the mind control
Your government can now control the weather
But now the love can get into your soul
Whoa-ah, yet some thing feels old
Cause it don't feel natural
Whoa-ah, ...everyday, the truth is all ours
It's all, it's all, it's all, it's all, ours, ours, ours
It's on the edge of inspiration
Finally feels like we all are waking up
Stretch up, on the ground, bring a mission to ...
Dance, you've been kept... long enough
Whoa-ah, But I can make my own dance
I can make my own laws
Whoa-ah, Nobody owns this place, I can be my own god
It's all, it's all, it's all, it's all, ours, ours, ours
It's all, it's all, it's all, it's all, ours, ours, ours
You're only, only what you want (yeah)
Mind control everywhere is trying to keep your brain washed
You're only, only what you want (yeah)
Mind control everywhere is trying to keep your brain washed
You're only, only what you want (yeah)
Mind control everywhere is trying to keep your brain washed
You're only, only what you want (yeah)
Mind control everywhere is trying to keep your brain washed
I don't want the right to be rude, I just want the
right to be cool
However I chose to do it, I do
Whatever I chose to be or with whom
Hey I don't need your money, I can grow my own food
I don't need your beauty standard, I can be my own dude
And I don't pay tuition, I can be my own school
I don't need your prescriptions, I can change my own mood
You're only, only what you want (yeah)
Mind control everywhere is trying to keep your brain washed
You're only, only what you want (yeah)
Mind control everywhere is trying to keep your brain washed
