Mirror

Skip the Use

We don't have a car
Don't have a fresh hair cut
Don't need a job for life
Don't close to me
Want to go insane
Don't show when I'm vain
No need to be obscene
I'm disgusting
Nothing to own
Don't wanna go down
Man to man
Made for bad lands
Side by side
No one is in sight
Check the mirror
Everything is alrightChorus:
Yeah-eh-eh!
Our vicious systems will be shadows
Yeah-eh-eh!
Always breach and defy law
Surprise me!
To each my dishonest and dishonor
Yeah-eh-eh!
To each my ease and destiny
Surprise me!I don't have, have friends
Who don't surf off rules
They game and mime
Don't walk the line
So I'm the crime
They are the law
I'll hate, hate them
'Til I die
All on my own
Gonna put them down
Death on my side
Just press override
Two on the run
Two on the edge
Check the mirror

Everything is alrightChorus x2
