Grand mirror of souls horizons
Lost frequence reflected
On the velvet sea
Wide open dreamIntensive, impressive
Lost fractal of chaos and order
Refraction of wonders
Of atomic sourceAmbition, Devotion
Grand mirror of souls emotion
Lost frequence reflected
On the velvet sea
Wide open dreamMother of Golden sunshine,
Mountains and oceans
Free all the splendor of your conscience
And reveal your mystic spirit to your sonMy queen of moon and sunlight
Paint skies with rhymes of love
Lie in the infinity of cosmos
And embrace my lost eternal soulMother of Golden sunshine,
Mountains and oceans
Free all the splendor of your conscience
And reveal your mystic spirit to your sonMother of Golden sunshine,
Mountains and oceans
Free all the splendor of your conscience
And reveal your mystic spirit to your sonMy queen of moon and sunlight
Paint skies with rhymes of love
Lie in the infinity of cosmos
And embrace my lost eternal soul
Mother of all
