

# Farewell

## Concave

Winter's close and the mountain high  
I'll start my journey now  
On this planet, we call Earth, we belong  
I want to know, why did God make me feel  
There is more to be answered  
Maybe God cannot remedy, our souls if He tried  
I seek peace of mind at least  
And to know I did my best  
I will pray for those I have loved  
I must take your farewell  
Carried by destiny, bound to obey  
I must take your farewell  
Trails of discovery, lead me an ocean away  
No one holds the only truth in his hand  
So who am I to defy even God  
In quest for a reason  
There's no time to waste, I'm afraid  
I must take your farewell  
Carried by destiny, bound to obey  
I must take your farewell  
Trails of discovery, lead me an ocean away, so far away  
When the tide is high  
I won't dwell or wait no longer
