

My Desire

Valerie Victoria

You call me child and I respond to You.
There's nothing more, that I would rather do than worship You.
Cause You are my delight, even through the storms.
And I will trust in You, for Your word endures.

Cause You are my desire, I long for You, I thirst for You.
And Your love is greater than life, Every need You provide.
You satisfy my soul.

You call me child and I respond to You.
There's nothing more, that I would rather do than worship You.
Cause You are my delight, even through the storms.
And I will trust in You, for Your word endures.

My heart will sing no other name.
My heart will sing no other name, but Yours.
