From Now On

Monkeywrench

Everybody comes with baggage
Places and people before
You don't know what all you're getting
When love walks through your door, through your door
I've had some hills and some valleys
You've done some traveling too
You can tell by the dents and the scratches
Our hearts aren't exactly brand new
From now on is all that counts
From now on is all that matters
That's what living's all about
From different roads we find each other
You're the only love I want, from now on
I'm thankful for the ones before me

I'm grateful that they didn't stay
We can't do a thing about it
And it's made us who we are today
From now on is all that counts
From now on is all that matters
That's what living's all about
From different roads we find each other
You're the only love I want, from now on
Oh, from now on is all that counts
From now on is all that matters
That's what living's all about
From different roads we find each other
You're the only love I want, from now on
