Come back again

å¤§æ©‹å¥½è¦•

Gone away
Where nobody knows your name
Gone away
Where everybody goes to change
Gone away
And you never feel the same
Gone away

Fly away
Ride your kite out of the flames
Fly away
Grow flowers from your brain
Fly on, fly away
Come back again
Fly on fly away
Come back again

We failed.

A little bit wrong
We failed.

But now we're all gone

Away
